Dignified transportation for seniors

ITN® imagines a day when all seniors, and adults with visual impairments, will have transportation when they want it.

- ITN*CentralCT* (Independent Transportation Network Central Connecticut) is a grassroots nonprofit providing sustainable, community-based transportation services for seniors, and adults with visual impairments, thereby preserving and promoting independence.
- Volunteers drive their own automobiles, providing "arm-through-arm" and "door-through-door" service. It is affordable and available 24/7/365 for any purpose. With these features, we provide our riders freedom comparable to that enjoyed by automobile owner-operators.
- The road to mobility begins with an annual membership fee of \$40 for an individual or \$65 for a family, and a prepaid Personal Transportation Account™ based on estimated usage. Since you don't pay cash and we only use private automobiles, riding with us is like riding with a friend.
- ITN*CentralCT* is headquartered in West Hartford Town Hall (Room 216) and serves 15 area towns:
